## **Choosing a New Confirmation Name**

St. Luke

A name is important. It is one of the ways we know and identify people. At baptism, your name was chosen for you. Now you have the opportunity to choose one for yourself.

The name you choose must be the name of a saint. Saints are people who bore witness to God with their lives; they are people we can look up to and try to imitate.

You may already have a favorite Saint whose name you will

choose. You might want to take some time and research more than one saint. Choose one who inspires you or has some of the

qualities you would like to have.

You can use the internet or go to the library. There are saint books in the office you may use if you arrange it with me.
